We are looking to recruit an **Industrial Mechanic** in maintenance and repair in **Hamburg** in order to make tomorrow's technologies faster, better and more efficient today. Apply now - we look forward to getting to know you personally!

Task description

- Industrial maintenance of all buildings, halls and premises on the site including the equipment contained therein, e.g. workbenches, tool trolleys, windows, stairs, doors or furniture
- Execution of service, maintenance and repair work in accordance with the work order
- Manufacture of components for the repair of assemblies, components and machines
- Adjustment of parts and components and subsequent performance of functional tests
- Documentation of the work carried out

Requirements

- Vocational training as an industrial mechanic
- Several years of professional experience in industrial repair and maintenance
- Good knowledge of German and basic knowledge of English
- Forklift licence would be beneficial
- On-call duty and flexibility are required
- Skilled craftsmanship and solution oriented thinking should round off your profile

Our Services

- Permanent employment contract
- Above-average, performance-linked remuneration
- Intensive personal monitoring and extensive on-site support
- Additional lump sum for posting
- Company pension scheme with employer contributions
- Extensive opportunities for training and further education
