

PAINTER AND VARNISHER IN AVIATION (M/F/X)

ARTS

Experts from within all sectors work together at ARTS to tailor make innovations, today. As experts in engineering and production services, engineering consulting and HR services, more than 500 ARTS employees at 25 project sites support high-tech companies to realise their projects to a high level of expertise on a daily basis.

For our customer we are looking for a **Painter and Varnisher** in **Gilching** near Munich, who can enrich our team with his motivation, his commitment and structured way of working. We look forward to meeting you!

Task description

- Priming and painting of components and assemblies in series production with brush and paint spray gun
- Checking the availability of parts and materials as well as reporting missing stocks
- Removal of malfunctions and preparation of materials
- Positioning and covering of components according to specifications
- Smoothing of the sealing compound using a spatula and subsequent DWP check (documented worker test)
- Observance of version-specific specifications, such as construction documents, standards and regulations (e.g. 80 T - xxx, MTM - Manual AIPS, MHB, QMH)

Requirements

- Completed training as a painter or (vehicle) varnisher
- Alternative completion of vocational training with job-relevant experience
- Safe handling of paint spray gun absolutely necessary
- Knowledge in handling sealants desirable
- Advanced German and basic English skills
- Willingness to work shifts, Saturdays and weekends

Our Services

- Permanent employment contract
- Above-average, performance-linked remuneration
- Bonuses and allowances above standard rates
- Annual bonus payments
- Personal support close to work
- Company pension scheme with employer contributions
- Extensive opportunities for training and further education
